Ref. No.3551-F/40-1.

Station Madras., *Dated the* 11th November 1940.

From (Name) L. B. Green, Esq., O.B.E.,

(Designation) Director of Industries and Commerce.

To The Secretary to the Government of Madras,

Development *Department.*

Sir,

In G.O.No. Ms. 545 Development dated 6th March 1937 the Government sanctioned the opening of a fish curing yard at Moolky temporarily for a year and a staff of one petty yard officer on Rs.19/- per mensem and one peon on Rs.12/- per mensem for the yard. The yard was opened only on 1st December 1939. The sanction for the retention of the yard will therefore expire on 30th November 1940.

2. A statement showing the financial results of working this yard during the ten months from 1st December 1939 to 30th September 1940 is enclosed. The quantity of

salt issued in the yard during the period was 835 maunds 5 seers and it worked at a profit of Rs.91-15-10, including cost of petty construction and repair work, and at Rs.101-3-5 excluding the expenditure on petty construction and repair work. This is fairly good for a new yard. The Sub Assistant Director states that the curers of Moolky have now given a written undertaking that they will make good the loss in working the yard for a period of sixteen months from December 1940 to March 1942 and also that they will execute a bond making themselves jointly and severally responsible for loss if any in working the yard during that period. They have already deposited a security of Rs.250/- against a possible loss on 30th January 1936. I request that the sanction of Government may be accorded for the further retention of the fish curing yard, with the existing staff of one petty yard officer and one peon, for a period of one year and four months from the 1st of December 1940 so that the period may coincide with the official year.

3. Necessary provision for this yard has been included in the Budget Estimates for 1940-41 and 1941-42.

Director of Industries and Commerce.
